Acronym	Definition
CP-29	Commissioner Policy 29, Environmental Justice and Permitting
OCIDA	Onondaga County Industrial Development Agency
NOCA	Notice of Complete Application
NYSDEC	New York State Department of Environmental Conservation
PEJA	Potential Environmental Justice Area
PPP	Public Participation Plan

I. INTRODUCTION AND OBJECTIVE

This Public Participation Plan (PPP) has been prepared by Syracuse Haulers Waste Removal, Inc. (“Syracuse Haulers” or to as “applicant”), to fulfill and comply with the requirements of New York State Department of Environmental Conservation **Commissioner Policy 29, Environmental Justice and Permitting (CP-29)** for the proposed modification of its Article 27 Solid Waste Permit (Application No. 7-3126-00070/00039) The project requires a modification to the Article 27 Solid Waste Permit application as the facility is located in a mapped Disadvantaged Community (DAC) and within a 0.5 mile of one or more potential environmental justice areas (PEJAs) (See Figure 1).

This PPP has been developed in accordance with the procedures established in CP-29 Section V.D and it aims to help ensure meaningful and effective public participation throughout the New York State Department of Environmental Conservation (NYSDEC) environmental permit review process. Public participation in the NYSDEC environmental permit review process means a program of activities that provides opportunities for stakeholders to be informed about and involved during the review of a proposed action.

The objective of this PPP is to outline and describe the program of activities that the applicant will implement to actively seek and enhance public participation during the application review process.

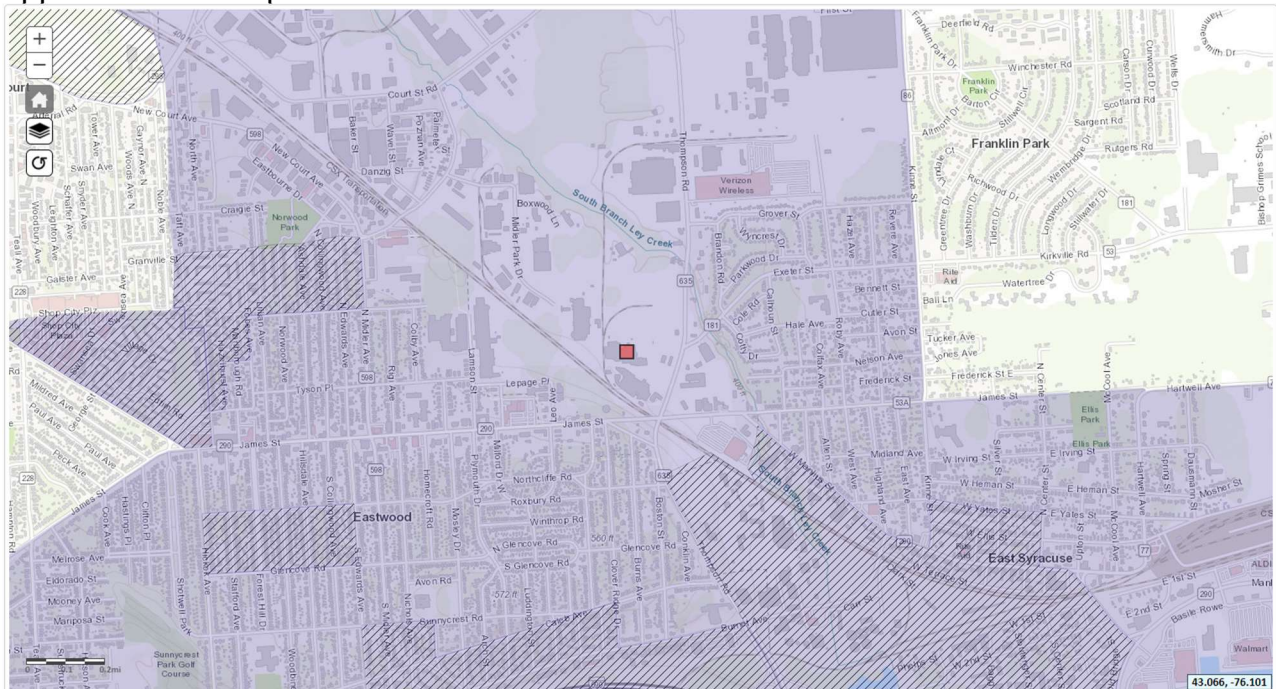

Figure 1. Project Location in DAC and PEJA

II. PROJECT DESCRIPTION AND PROPOSED ACTION

Project Overview

The applicant proposes to modify its existing permit to allow the use of a new fabricated steel building and a recycling sorter to increase the waste processing throughput of the facility from the current annual permitted capacity of 12,400 tonnes per year (TPY) to

Syracuse Haulers Transfer Station

32,000 TPY. Most of this waste capacity serves the surrounding communities within Onondaga County, and this modification will allow the facility to accept more materials that can be recovered and recycled in lieu of being landfilled.

To implement the proposed project, the applicant has submitted an application to the NYSDEC for the modification of Syracuse Haulers Article 27 Solid Waste Permit for the solid waste facility located in an industrial zone in the Town of Dewitt, New York. The lot is approximately six acres in total and surrounded by other industrial and commercial uses, including Metalico metal recycling facility on the adjoining lot. The location on Thompson Road just off the auxiliary Interstate Highway 690.

Nature of Proposed Project/Action and Purpose

Syracuse Haulers provides solid waste, recyclables and construction & demolition debris collection services for municipal, institutional and commercial customers in Central New York. The facility is used to provide consolidation and transfer of loads of source-separated recyclables, non-putrescible commercial solid wastes, non-putrescible bulk wastes and C&D debris. Syracuse Haulers is proposing to expand facility operations within the existing lot with the use of a new pre-fabricated steel building on the lot and a recycling sorter. The project will allow the facility to accept more material that can be recovered and recycled in lieu of being landfilled.

Figure 2. Site Plan

Potential Impacts

A PEJA review is intended to assess if the proposed project would cause disproportionately high and adverse effects on minority and/or low-income populations. A disproportionately high and adverse impact is one that is 1) predominately borne by minority and/or low-income populations, and 2) is appreciably more severe or greater in magnitude to minority and/or low-income populations than that which will be suffered by non-minority and/or non-low-income populations.

Relocation of Residences or Businesses/Land Acquisition – The proposed project will not disrupt or divide any established communities, nor will it require any relocation of local community businesses and residences.

Disruption of Local Traffic Patterns – No permanent impacts or disruptions to local traffic patterns are expected with the Proposed Project. There may be a few additional vehicles on local roadways serving the project area. However, these impacts are not expected to result in any delays or disruption. The existing Syracuse Haulers transfer station handles approximately 416 tons per week of material (e.g., mixed construction and demolition debris, co-mingled paper, tires and plastic). It projects that throughput demand for the facility will increase by approximately 50 percent over the next five year. Vehicles enter and exit the facility at an existing traffic light entrance to Thompson Road at Exter Street. An analysis of traffic patterns showed that Thompson Road operates well below capacity with the significant decrease in traffic associated with the reduction of employment at Carrier Corp. A traffic study completed construction of the Byrne Dairy that fronts Thompson Road at Exter showed that there was no concern for traffic volumes in and out of the adjacent that site during the hours associated with the Syracuse Hauler's facility peak traffic use, which occurs outside rush hours. The study showed peak traffic of 135 vehicles per hour in the morning and 212 in the evening. A traffic analysis prepared RZ Engineering, PLLC in 2023 in connection with the site plan review concluded that the additional traffic generated by use of the prefabricated building at the anticipated increased levels of materials handling would not have significant impact on traffic in the vicinity of the facility. The Town of Dewitt Planning Board, in approving the site plan for the new prefabricated building, determined that the related traffic associated with projected material handling over time would not have an adverse impact on traffic or noise. The approved site plan required implementation of certain screening devices to mitigate visual impacts of the installation of the new building which have been implemented. Likewise, in 2023 the Onondaga County Industrial Development Agency determined that its entry of into a payment in lieu of taxes agreement in support of the installation of the prefabricated building and associated increased materials handling would not have any significant adverse impacts for which it adopted the Town of Dewitt Planning Board's negative determination under the State Environmental Quality Review Act.

Odor and Noise: This project can result in activities that have potential to generate odor and noise. The fully enclosed facility includes air treatment equipment to control odors. All odorous waste loads such as household or commercial garbage or putrescible solid waste is diverted offsite to an appropriate disposal site and it not emptied inside the facility. The nearest residential noise receptors are over 1,000 feet from the site. Given the industrial nature of the surroundings and the presence of heavy truck traffic along streets in the vicinity, operation of this facility as a transfer station does not impact local noise levels. As mentioned above, the Town of Dewitt Planning Board, in approving the site plan for the

Syracuse Haulers Transfer Station

new prefabricated building, determined that the related traffic associated with projected material handling over time would not have an adverse impact on noise.

Community Disruption (Public Services and Social Conditions) – The proposed project will not affect the availability of public services.

Loss in Community Tax Base –No change to the community tax base is expected.

Economic Activity – The proposed project will not increase or decrease economic growth to the area, nor will it result in any long-term economic impacts to the region.

Mitigation – Additional traffic associated with additional material handling will be during non-rush hours and are well within the level of service of Thompson Road. All loads are dumped inside the enclosed facility, which minimizes odor and noise. The Facility Manual provides an Odor Control Plan which describes how the facility will be operated to minimize nuisance odors to the surrounding community; this includes having a fully enclosed building to prevent odors from escaping, along with the use of an odor neutralizer for controlled misting of the indoor waste tipping area at the end of each day as a regular housekeeping procedure. The project is not expected to have any socioeconomic impacts and will not result in disproportionately high or adverse impacts to low income and/or minority populations. Subsequently no mitigation measures are proposed.

III. STAKEHOLDER IDENTIFICATION & CONTACT LIST

A contact list consisting of the names, addresses, phone numbers, or email addresses of stakeholders to the proposed action is provided in Appendix A. The contact list includes individuals and organizations with a direct stake in the proposed action and people and individuals and organizations that have expressed interest in the proposed project or similar projects affecting the same neighborhood or community.

To develop a draft contact list, the applicant reached out to residents/neighborhood groups who are near or adjacent to the proposed project and that will be or potentially will be affected by the operation; community boards, community leaders, local community, civic and recreational organizations, environmental and business groups.

In addition, we reviewed the records of prior public meetings and hearings held in connection with the project of constructing the prefabricated building on the site to identify parties who had previously expressed interest in the project. Specifically, the Town of Dewitt and the Onondaga County Industrial Development Agency (“OCIDA”) both publicly noticed and held public meetings and hearings in connection with the construction of the prefabricated building. The Town of Dewitt Planning Board noticed and held meetings on September 8, 2022 and December 1, 2022. OCIDA held a public hearing on the project of providing financial assistance for the construction of the prefabricated building on October 5, 2022. The OCIDA hearing was noticed in the local paper of general circulation, The Post-Standard, on September 25, 2022 and a notice of the hearing mailed to local officials. The meetings and hearings were also made available via livestreaming. Minutes of the prior public meetings or hearings on the project did not identify any public comments having been made or identified any members of the public having expressed an interest in the project.

Syracuse Haulers Transfer Station

The current contact list has been developed in consultation with NYSDEC by identifying stakeholders from the following categories: local government and elected officials; business owners, residents, and occupants; local civic, community, environmental and religious organizations; local news media; administrator/operator of any school or day care that live, work and/or represent a neighborhood or community within a 0.5-mile or 2,640-foot radius of the project area (see Figure 3).

The applicant will utilize this contact list to communicate and disseminate information about the proposed project/action and permit application review process to the affected community and stakeholders. At minimum, this includes distribution of the written information and outreach materials described in Section V to inform the community about upcoming public meetings and opportunities for public participation.

The contact list will be reviewed periodically and updated as appropriate throughout the permit application review process. The applicant will update the contact list with any new stakeholders identified during the public meeting or execution of other PPP components. In addition, individuals and organizations will be added to the contact list upon request. Such requests should be submitted to the project liaison identified in Section IV. Other additions to the contact list may be made at the discretion of the applicant or, at the request of the NYSDEC project manager, in consultation with other NYSDEC staff, as appropriate.

Figure 3. Outreach Radius Map

IV. PROJECT LIAISON

A representative from the project team will be available during business hours at:

- Scott Reed, Project Manager
- (315) 426-6771
- sreed@syracusehaulers.com
- 6223 Thompson Road - Suite 1000, Syracuse, NY 13206

Impacted residents and interested stakeholders can contact the project liaison listed above to provide input to the project team, discuss any issues or concerns and/or to ask questions or request information. The project liaison shall respond in a timely manner and in the manner appropriate to question or information request received. The project liaison will be responsible for tracking and documenting public input, inquiries, questions, and information requests received, along with responses provided.

V. PUBLIC OUTREACH ACTIVITIES

The applicant will utilize a range of engagement strategies and conduct various public outreach activities to facilitate participation, involvement, and direct communication with the affected community during the permit application review process. The applicant will implement the public outreach activities outlined below upon finalization and approval of this PPP by NYSDEC.

In compliance with the requirements of CP-29, the applicant will hold public information meeting(s) to keep the public informed about the proposed action and the environmental permit review process. At minimum, the applicant will prepare, distribute and post written information and materials, including a meeting notice and fact sheet, to encourage dialogue and solicit input from interested stakeholders during the permit application review process. All public outreach materials and information will be prepared and presented in an easy-to-read, understandable format, using plain language free of legal terminology, and geared towards a non-technical audience.

The public meeting notice and fact sheet will be made available and disseminated in both English and Spanish. In addition, the public can contact the project liaison regarding the availability of language assistance and to request that the notice and fact sheet are translated into another language for comprehension by non-English speaking or limited proficiency stakeholders.

Public Meeting

At the discretion of NYSDEC and, depending on the scale and nature of a project, one or more virtual public meeting(s) must be conducted to satisfy the intent of CP-29.

The virtual public meeting will be advertised and will occur near the end of the permit application review process to inform the public about: the status of, or, if applicable, the availability of, final application materials and draft permits for review; the pending NYSDEC public comment period, and deadline to submit written comments to NYSDEC, if established; and eventual final decision.

Syracuse Haulers Transfer Station

Public Meeting: At or Near Completeness

Applicant will facilitate a virtual public meeting on Wednesday, May 14, 2025 at 6:30 pm EST to:

- Inform the public about the proposed project/action and permit application review status.
- Provide the opportunity to for stakeholders to ask questions and express concerns about the project and identify how to obtain information or answers to questions after the meeting has concluded.
- Inform attendees how they may submit written comments on the permit application to the NYSDEC during the public comment period and, if available, identify any applicable deadlines.

Necessary Meeting Discussion Points and Requirements

All meetings will be facilitated by the applicant and/or representatives from their project team (project personnel) via Zoom. During the meeting, the applicant and/or representatives from their project team will present a brief overview of the project, including any relevant background information, details on the permitting action, scope of work, schedule, and community impacts. The second part of the meeting will include a question-and answer-portion where the floor will be open for attendees to ask questions, make remarks, and/or express concerns. In addition, the following discussion points will be addressed:

- Provide an update on the permit application review process and identify outstanding application requirements and future milestones in the application review process.
- Make it clear that the meeting is being held prior to NYSDEC's permitting decision for the project/action.
- Identify the location of the online document repository and provide directions on how attendees may obtain and review materials relevant to the application, documents related to the meeting and other public participation plan components.
- Identify and provide contact information for the project liaison and announce procedures for how attendees may obtain answers to questions after the meeting has concluded and interested stakeholders can submit questions, express concerns, or request additional information by telephone, email, and in writing.
- Announce any future outreach, opportunities for public participation, and /or required follow-up with attendees including, but not limited to: additional meetings and future mailings, including, but not limited to the Notice of Complete Application.

Attendance will be recorded during the virtual meeting by Zoom Attendance Report. The applicant will track the number of attendees for all meetings held during implementation of this PPP and, where feasible and applicable, identify any affiliation of participants and interests represented at the meeting. In addition, the applicant will be responsible for documenting meeting notes or minutes, along with a record of comments and questions raised in the meeting and respective responses and answers provided. Attendees not identified on the contact list will have the option to be added in the event of future meetings or information sharing.

Virtual Public Meeting Notice Preparation and Distribution

Information regarding the details of the virtual public meeting(s) and how to participate via computer and/or telephone is contained in the reader-friendly meeting notice(s) shown in Appendix B. The notice has been prepared in English and will be translated into Spanish by a certified translator. Through this notice, the public will be invited and encouraged to attend the public virtual meeting scheduled on Wednesday, May 14, 2025 at 6:30 pm EST.

Once the PPP has been approved by NYSDEC the public meeting notice will be posted and available in the online document repository described in Section VI of this document. At least two weeks in advance of the public virtual meeting, the notice will be published in The Post-Standard, which is a daily newspaper printed, published, and circulated in Syracuse. In addition, the public meeting notice will be emailed, mailed and/or hand delivered (door-to-door) to the stakeholders identified in the contact list in Appendix A at least two weeks prior to the public virtual meeting.

Fact Sheet Preparation and Distribution

Factual information on the proposed project/action, including an overview, purpose statement, and potential impacts, is outlined in the reader-friendly fact sheet shown in Appendix C. In addition, the fact sheet outlines how interested stakeholders can: participate in the permit application review process; access the online document repository to review relevant application materials prior to the public meeting; and contact the project team to obtain additional information. The fact sheet has been prepared in English and will be translated into Spanish by a certified translator.

Once the PPP has been approved by NYSDEC the fact sheet will be posted and available in the online document repository described in Section VI of this document. No later than 2 weeks prior to the public meeting, the applicant will distribute the fact sheet to provide stakeholders with relevant background on the proposed project/action and facilitate meaningful participation during the meeting. The fact sheet will be distributed together with the public meeting notice via email, mail and/or hand delivery (door-to-door).

The fact sheet(s) will also be posted within the vicinity of the project site and visible to the public. For example, they may be posted on some streetlight lampposts or bulletin boards located in the lobby of residential complex buildings or public facilities such as libraries, schools, or community centers within the project site.

Distribution of Notice of Complete Application

Once NYSDEC determines the application(s) for the proposed action/project is complete and provides the Notice of Complete Application (NOCA) to the applicant, the applicant will distribute the NOCA and draft permit, if applicable, to the meeting attendees and any identified interested parties, to provide notification regarding the start of the NYSDEC public comment period and to announce the deadline for submission of written comments to NYSDEC. If the NOCA is available at the time of the meeting, the applicant will distribute the NOCA at the public meeting. If the NOCA is not available at the time of the meeting, the applicant will provide explicit instructions on how to access the online repository and inform the attendees that, once available, the NOCA will be posted to the

online document repository and will be distributed to attendees via email or mail as soon as possible, but no later than the date that the NOCA is published by the applicant in the print edition of a paid local newspaper that is circulated at least weekly and available in the municipality in which the project is located.

VI. DOCUMENT REPOSITORY

An online document repository has been established for the community and interested stakeholders to access and review information about the project. The online repository available at <https://www.syracusehaulers.com/solid-waste-permit-modification/> will provide information and documents relating to the project and permit application.

The repository will be updated throughout the application process with project-related information and written materials (i.e., application forms and supporting materials, draft permit, fact sheet, statement of basis (where applicable), the Notice of Complete Application provided by the NYSDEC, etc.).

VII. SUBMISSIONS

Final Summary Report and Written Certification

Upon completion of the enhanced public participation plan, the applicant will submit written certification to NYSDEC to certify that it has fully executed and complied with the approved PPP. The certification shall be signed by the applicant, or the applicant's agent, and submitted to NYSDEC prior to a final decision on the application.

As part of the certification, the applicant shall submit a final summary report documenting the implementation of this PPP. The report will summarize the activities that occurred in accordance with the PPP and will identify any substantive concerns raised by stakeholders during the public meeting, or, at any time throughout the permitting process and detail the applicant's response(s) to any such concerns or questions. The applicant will include, or append, any documentation that supports the final summary report, such as: the meeting sign-in sheet(s), record of attendees/participants, meeting presentation, notes or minutes, summary of questions and answers, and copy of newspaper notice or other proof of publication. In addition, the report will identify any changes or modifications to the proposed project that were made or considered by the applicant to address or reduce concerns surrounding the permit application.

The final summary report and written certification will become part of the application record and will be posted to the online document repository so that it is readily available to the public.

APPENDIX B
Virtual Public Meeting Notice
(English & Spanish)

YOU ARE INVITED

Virtual Public Meeting
Wednesday, May 14, 2025 at 6:30 pm EST
Syracuse Haulers Waste Transfer Station Permit Modification

Syracuse Haulers Waste Removal Inc. has submitted an application to the New York State Department of Environmental Conservation (NYSDEC) to modify its permit for a Waste Transfer Station to use a pre-fabricated steel building on-site to increase the volume of material it handles. A Public Participation Plan has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29). The purpose of this meeting is to inform the public about the project and to engage and involve the community early on in the building permit application review process.

To Join Online

Use the following link:

<https://us06web.zoom.us/j/86963155171?pwd=ZrTeCfxE8OimR3qMaL5nIEYyHtopbl.1>

To Call-in Using a Phone:

Dial in using the following number: +1 646 558 8656

When prompted, enter the Meeting ID: 869 6315 5171 and enter Passcode: 475386

Agenda:

- Project Overview
- Background
- Scope of work
- Project schedules
- Community Impacts
- Proposed Mitigation Measures
- Questions and Answers

Your Attendance is Important!

Project personnel will be available to answer questions from the community. For additional information on the proposed project:

- Contact: Scott Reed by phone at (315) 426-6771 or by email at sreed@syracusehaulers.com
- Visit the repository at: <https://www.syracusehaulers.com/solid-waste-permit-modification/>

Contact the project liaison to request reasonable accommodation for a disability or interpreter services in a language other than English, so that you can participate in the call and/or to request a translation of any of the event documents into a language other than English.

TE INVITAMOS

Reunión Pública Virtual

Miércoles, 14 de mayo de 2025 a las 18:30 horas
Modificación del permiso de la estación de transferencia de residuos de
Syracuse Haulers

Syracuse Haulers Waste Removal Inc. ha presentado una solicitud al Departamento de Conservación Ambiental del Estado de Nueva York (NYSDEC) para modificar su permiso para una Estación de Transferencia de Residuos para utilizar un edificio prefabricado de acero en el lugar para aumentar el volumen de material que maneja. Se ha desarrollado un Plan de Participación Pública de acuerdo con la Política 29 del Comisionado del NYSDEC, Justicia Ambiental y Permisos (CP-29). El propósito de esta reunión es informar al público sobre el proyecto y comprometer e involucrar a la comunidad desde el principio en el proceso de revisión de la solicitud de permiso de construcción.

Conéctate utilizando tu teléfono móvil

Marca el siguiente número: +1 646 558 8656

Cuando se le solicite, introduzca el ID de la reunión: 869 6315 5171 y utilice el código de acceso: 475386

Agenda:

- Resumen del proyecto
- Antecedentes
- Alcance
- Calendario del proyecto
- Impactos en la comunidad
- Medidas paliativas propuestas
- Preguntas y respuestas

Tu asistencia es importante

El personal del proyecto estará disponible para responder a las preguntas de la comunidad. Para más información sobre el proyecto propuesto:

- Contacte a Scott Reed vía teléfono al (315) 426-6771 o vía email a sreed@syracusehaulers.com
- Visite nuestro repositorio de información en: <https://www.syracusehaulers.com/solid-waste-permit-modification/>

Póngase en contacto con la persona encargada del proyecto para solicitar ajustes razonables por discapacidad o servicios de interpretación en un idioma distinto al inglés, de modo que pueda participar en la convocatoria y/o para solicitar la traducción de cualquiera de los documentos del evento a un idioma distinto al inglés.

APPENDIX C
Fact Sheet
(English & Spanish)

Syracuse Haulers Transfer Station Permit Modification Fact Sheet

- **Project:** Syracuse Haulers Transfer Station Permit Modification
- **Applicant:** Syracuse Haulers Waste Removal Inc.
- **Facility:** Syracuse Haulers Transfer Station, located at 6223 Thompson Road, Syracuse, NY 13206
- **NYSDEC Application Number:** 7-3126-00070/00039
- **A Public Participation Plan (PPP) has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)**

What is the Proposed Project?

The Proposed Project will modify the permit of Syracuse Haulers Transfer Station to allow the use of a new pre-fabricated steel building and a recycling sorter within the existing lot. To implement the proposed project, Syracuse Haulers Waste Removal Inc. has submitted an application to the New York State Department of Environmental Conservation (NYSDEC) to modify the Syracuse Haulers Article 27 Solid Waste Permit for the solid waste facility located in an industrial zone in the Town of Dewitt, New York. The purpose of this fact sheet is to inform the public about this proposed project and to involve the community during the NYSDEC permit application review process.

How might the project affect the surrounding community?

The proposed project will increase material handling and will add some additional traffic to Thompson Road in the vicinity of the facility. The increase in traffic will be during off peak hours and well within the levels of service established for Thompson Road. The increase in traffic is not anticipated to significantly impact traffic. The increased handling capacity would allow additional processing and storage area for waste consolidation and can improve waste hauling efficiency for the community. There will be no disruption of local businesses or residences.

Why Does the Project Need a Transfer Station Permit?

The facility currently has and complies with a solid waste transfer permit. New York State regulations require that a permit for a facility's use as a transfer station and the additional use of the pre-fabricated steel building will be regulated under the permit modification for that use. Syracuse Haulers has prepared a Climate Leadership and Community Protection Act (CLCPA) analysis of greenhouse gas emissions from the facility as well as a Public Participation Plan (PPP).

How can I participate in the permit review process?

- Attend the upcoming virtual public meeting scheduled for Wednesday, May 14, 2025 at 6:30 pm EST to learn about the project, ask questions and/or express concerns about the project.

Syracuse Haulers Transfer Station

- Ask questions, express concerns, provide input or submit by comments in writing, by phone or email to the project contact person identified below.

Where can I get more information about the proposed project?

- Visit the online document repository at: <https://www.syracusehaulers.com/solid-waste-permit-modification/> to obtain application materials, relevant documents, and information about the project.
- Contact Scott Reed by phone at: (315) 426-6771, by email at: sreed@syracusehaulers.com or in writing at: 6223 Thompson Road - Suite 1000, Syracuse, NY 13206 for information on the project, instructions on how to attend the upcoming virtual public meeting, or to find out about the status of the permit application and public comment period.

Who is responsible for reviewing the Permit Application?

NYSDEC Region 7 Headquarters, 5786 Widewaters Parkway, Syracuse, NY 13214-1867 is responsible for reviewing and issuing the required permits. Tel: 315-426-7438; email: dep.r7@dec.ny.gov

Ficha de datos sobre la modificación del permiso de la estación de transferencia de Syracuse Haulers

- **Proyecto:** Modificación del permiso de la estación de transferencia de Syracuse Haulers
- **Solicitante:** Syracuse Haulers Waste Removal Inc.
- **Instalaciones:** Syracuse Haulers Transfer Station, ubicada en la calle Thompson Road 6223, Syracuse, NY 13206
- **NYSDEC Número de Solicitud:** 7-3126-00070/00039
- **Se ha desarrollado un Plan de Participación Pública (PPP) de acuerdo con la Política 29 del Comisionado del NYSDEC, Justicia Ambiental y Permisos (CP-29).**

¿En qué consiste el proyecto propuesto?

El Proyecto propuesto modificará el permiso de la Estación de Transferencia de Syracuse Haulers para permitir el uso de un nuevo edificio prefabricado de acero y un clasificador de reciclaje dentro del terreno existente. Para llevar a cabo el proyecto propuesto, Syracuse Haulers Waste Removal Inc. ha presentado una solicitud al Departamento de Conservación Ambiental del Estado de Nueva York (NYSDEC) para modificar el permiso de residuos sólidos del artículo 27 de Syracuse Haulers para la instalación de residuos sólidos situada una zona industrial en la ciudad de Dewitt, Nueva York. El propósito de esta ficha de datos es informar al público sobre este proyecto propuesto e involucrar a la comunidad durante el proceso de revisión de la solicitud de permiso del NYSDEC.

¿Cómo puede afectar el proyecto a las comunidades cercanas?

El proyecto propuesto aumentará la manipulación de materiales y añadirá algo de tráfico adicional a Thompson Road en las inmediaciones de la instalación. El aumento del tráfico se producirá fuera de las horas punta y dentro de los niveles de servicio establecidos para Thompson Road. No se prevé que el aumento del tráfico afecte significativamente al tráfico. El aumento de la capacidad de manipulación permitirá disponer de una zona de procesamiento y almacenamiento adicional para la consolidación de residuos y puede mejorar la eficiencia del transporte de residuos para la comunidad. No se producirá ninguna perturbación en los comercios o residencias locales.

¿Por qué necesita el proyecto un permiso de estación de transferencia?

La instalación dispone actualmente de un permiso de transferencia de residuos sólidos y cumple con él. La normativa del Estado de Nueva York exige que el permiso para el uso de la instalación como estación de transferencia y el uso adicional del edificio prefabricado de acero se regulen en el marco de la modificación del permiso para ese uso. Syracuse Haulers ha preparado un análisis de la Ley de Liderazgo Climático y Protección de la Comunidad (CLCPA) sobre las emisiones de gases de efecto invernadero de la instalación, así como un Plan de Participación Pública (PPP).

¿Cómo puedo participar en el proceso de revisión del permiso?

- Asista a la próxima reunión pública virtual programada para el miércoles, 14 de mayo de 2025 a las 18:30 horas para informarse sobre el proyecto, hacer preguntas y/o expresar sus preocupaciones al respecto.
- Formule preguntas, exprese sus inquietudes, haga aportes o envíe sus comentarios por escrito, por teléfono o por correo electrónico a la persona de contacto para el proyecto que se indica a continuación.

¿Dónde puedo obtener más información sobre el proyecto propuesto?

- Visite el repositorio de documentos en línea en: <https://www.syracusehaulers.com/solid-waste-permit-modification/> para obtener el material de solicitud, los documentos pertinentes e información sobre el proyecto.
- Póngase en contacto con Scott Reed por teléfono llamando al (315) 426-6771, por correo electrónico escribiendo a: sreed@syracusehaulers.com o por escrito en: 6223 Thompson Road - Suite 1000, Syracuse, NY 13206 para obtener información sobre el proyecto, instrucciones sobre cómo asistir a la próxima reunión pública virtual o conocer el estado de la solicitud de permiso y el periodo de comentarios públicos.

¿Quién es responsable de revisar la solicitud de permiso?

NYSDEC Region 7 Headquarters, 5786 Widewaters Parkway, Syracuse, NY 13214-1867 es responsable de revisar y entregar los permisos necesarios. Tel: 315-426-7438; correo electrónico: dep.r7@dec.ny.gov
